

About Knauf Insulation

Knauf Insulation, the makers of Earthwool® glasswool are proud to introduce Snug & Sound engineered blow-in glasswool insulation to Australian and New Zealand households. Our leading blow-in insulation already has an extensive history of use in Europe and USA and it's optimal thermal properties make it the ideal solution to make your home comfortable, energy efficient and above all, healthy for your family.

All installers are **Approved and Qualified by**

Performance

The table below demonstrates the thermal improvement you can make to your ceiling by installing Jet Stream® MAX.

| AU ceilings | | NZ ceilings | |
|----------------|------------------------------|----------------|------------------------------|
| Thickness (mm) | R-Value (m ² K/W) | Thickness (mm) | R-Value (m ² K/W) |
| 50 | 1.0 | 50 | 1.0 |
| 75 | 1.5 | 75 | 1.5 |
| 100 | 2.0 | 100 | 2.0 |
| 125 | 2.5 | 125 | 2.5 |
| 160 | 3.0 | 160 | 3.2 |
| 180 | 3.5 | 180 | 3.6 |
| 205 | 4.0 | 205 | 4.1 |
| 255 | 5.0 | 255 | 5.2 |
| 310 | 6.0 | 310 | 6.3 |

The thermal performance is tested in line with building code requirements AS/NZS 4859.1
